

**Delta Electronics Trademark Change Notification Letter**

Dear Customer,

First, thank you for your support for all these years; we would like to express our sincere gratitude and appreciation for your continued support.

In response to the improvement of the company's corporate identification system, the corporate spirit and value can be clearly and systematically communicated to the target audience through visual presentation; the company's Delta trademarks will be unified and integrated, allowing more customers to recognize Delta's new brand image.

Subsequent shipments of product labels, cartons, fan frames/pillow, and other accessories that contain Delta trademarks will be partially revised. The revised contents and explanations are as follows:

-Corporate logo> Add DELTA after the original triangle logo

	Before	After
Corporate logo		

The above changes will not affect the product safety certification, related characteristics and the reliability of the product itself. All changes will be replaced with new labels and new cartons after the existing labels and cartons are consumed. The mold will be modified and it is expected to switch starting from 2022/1/1.

We apologize for any inconvenience caused to you. If you have any questions, please feel free to contact us. Thank you!

Sincerely,

DELTA ELECTRONICS, INC.
