Liquid Cooling Solutions

Professionally designed, built, and tested to meet the most harsh environments

- High performance Coolant Distribution Unit (CDU).
- Impinging cold plate design with lower pressure drop.
- Broad range of testing equipment to ensure product quality and performance.
- Micro-channel cold plate block designs.
- Liquid direct cooling for memory DIMMs.
- High-grade tubing with low permeation, high-pressure capacity and small bending radii achievable.
- Hot-swappable quick-disconnect capability for dry disconnect.

Liquid Cooling Solutions

Advanced Liquid Cooling Solution – Purpose-built thermal solutions for any cooling budget

- Professionally designed, built, & tested to meet the most demanding server/storage/data center needs.
- Full-range liquid cooling solutions and wide-ranging experience make Delta the thermal solution partner for autonomous driving technology.
- QSFP-DD: design the 400g ethernet networks of the future with Delta total liquid cooling solutions.
